

Did you know you can recognize your peers directly from your iPad or mobile device?

THERE IS AN APP FOR THAT!

EZ Thanks

Abbreviated instructions from attached document (at bottom):

1. Users must first register on the RecognizeCORE platform before using the EZ Thanks app.
2. The web address for RecognizeCORE is <http://KRSRecognizeCORE.com> if registering on a computer or using search engine on a device.
NOTE: Kindred managed devices will have a Recognize icon already available on the home screen where you can register in the same manner but on a mobile device.

3. Your Kindred Login ID is the one you use to sign into the Kindred network and other Kindred applications.
4. The first time password for new users is *recognize1*.
5. The registration process allows you to change the password, personalize your profile, and enter a personal email address if you prefer recognitions be sent to an address different than a Kindred issued one.
6. On *Kindred devices* you can go to the Kindred Apps icon to install EZ Thanks.

For *personal devices* you can go to the App Store or Google Play.

7. Once the app is installed you will sign in with your Kindred Login ID, your RecognizeCORE password, and app code *core*.

Step-by-Step Login & Download Instructions:
